

WHEEL STUD KITS

Many years ago NASCAR Winston Cup racers were having tremendous problems with wheel studs. Then ARP developed this innovative, premium grade solution. Today, virtually every team relies on ARP Pro Series wheel studs. They're made from heat-treated 190,000 psi chrome moly steel and feature precision J-form threads, exclusive nut-starter and bullet shape radius that all but eliminates cross-threading, shot-peening, special baked-on dry lube, and double magnaflux inspection. The finest studs available! All are 5/8" -18 thread.

KIT NUMBER	L1	L2	L3
300-7705	1.900	2.750	.675
300-7706	2.050	2.900	.825
300-7707	2.400	3.250	1.200
300-7708	2.550	3.400	1.350
300-7709	2.750	3.600	1.550
300-7710	1.600	2.450	.500
300-7711	1.700	2.550	.600
300-7712	1.800	2.650	.700
300-7713	2.000	2.850	.900
300-7714	2.100	2.950	1.000
300-7715	2.200	3.050	1.100
300-7716	2.300	3.450	1.200

BRAKE HAT BOLT KITS

The perfect upgrade for many original brake hat bolts, this ARP kit features bolts produced from only the finest quality 8740 chrome moly. Features an exclusive 12-point cap screw design and appropriate grip length per the application. All brake hat bolts are drilled for safety wire lock. Rated 190,000 psi tensile strength.

APPLICATION	PART NO.
5/16-24, 32 pieces	300-0801
5/16-18, 32 pieces	300-0802
1/4-28, 48 pieces	300-0803

FLYWHEEL/FLEXPLATE BOLTS

Flywheel and Flexplate bolts play an important role in the performance and safety of race cars and street machines alike. That's why the fastener experts at ARP have

developed special bolts that are far superior to OEM hardware. ARP offers two styles of bolts: High Performance and Pro Series. They are both forged from aerospace alloy and heat-treated prior to thread rolling and machining. Both feature an exclusive, flat, 12-point head design and larger than stock shank diameter for increased strength and improved flywheel register. The popular High Performance series is rated at 170,000 psi, and the premium grade Pro Series, originally developed for NASCAR Winston Cup competition, has a 190,000 psi rating. Complete with washers (and nuts where applicable),

APPLICATION	HIGH PERF.	PRO SERIES
FLYWHEEL BOLT KITS		
BMC, A-series, 3/8"-24 1600cc		206-2802
Chevy & Ford, 7/16" x 1.00", (6 pieces)	100-2801	200-2802
Chevy V8 with Tilton flywheel, uses 1/2" socket		330-2801
Ford 351 flywheel, 7/16" x .925", uses 3/4" socket		350-2802
Ford Pinto, 2000cc stock 10mm	151-2801	
Ford V8 with Tilton flywheel, uses 1/2" socket		350-2801
Pontiac, 4-cylinder, Iron Duke, 7/16-20 x.750", (12 pcs.)		291-2801
Pontiac, 1/2" x .750"		290-2802
Top Fuel, 1.00" x 1/2" L19		200-2804
Toyota 3SGTE 12mm (8 pcs.)		203-2801
FLEXPLATE BOLT KITS		
Chevy & Ford, 7/16 x.680", (6 pieces)	100-2901	200-2902
Chrysler 440, 7/16 x .670"		200-2903
Chrysler Hemi, 8 bolt, 1/2 x.670"		200-2905
Pontiac, 1/2 x .670"		200-2904
